Restrictions to Foreign Citizens Travelling to Brazil  
(published on 24/Set/2020)

On September 24<sup>th</sup> 2020, the Federal Government published a new inter-ministerial ordinance with rules for the entry of foreigners in Brazil, during the pandemic.

The ordinance allows foreigners to enter the country, by air, provided that the migratory requirements appropriate to their trip are obeyed, including that of having an entry visa, *when required*.

Foreign passengers traveling for a short visit, of up to ninety days, must present to the transport company, prior to boarding, proof of purchase of *health insurance* valid in Brazil and with coverage for the entire period of the trip, under penalty of being prevented from entry into national territory.
